KOFC COUNCIL NEWS

SERVING SETON PARISH AND THE COMMUNITY

Happy Birthday Day America

Dear Brother Knights,

THANK YOU! Thank you for the vote of confidence and trust in me to lead our great Council to another outstanding year. I hope the year is full of activities that bring our Brotherhood together as well as our Church Community that we support and so often take for granted.

I would like to give a deserving round of applause and express our sincerest appreciation to Worthy *PAST* Grand Knight, Brother Harry Clyburn for a job-well-done. Under his guidance we established a budgeting process that will serve us for years to come as an outstanding guideline in managing our finances; we purchased and donated a new Refrigerator for the PAC; we started the 1st Sunday of the Month Knights of Columbus Mass; and brought home 4 awards from the recent State Convention; among other numerous achievements and contributions to our Parish Community.

As our long, long rainy season quickly dries up and becomes a distant memory; summer is in full swing with kid's activities, Independence Day, vacations, yard work and a different routine for most families. But, at the same time, we must never let down our vigilance in being a good Catholic Man and being prepared for our Master's return. As Luke 12:37 says, "Blessed are those servants whom the master finds vigilant on his arrival."

Be sure to take some extra time this summer to add a prayer to your daily routine, pray a Rosary or Chaplet of the Divine Mercy, spend an hour with Jesus in Adoration, go to Confession, Mass and worthily receive the Holy Eucharist weekly or even daily. Love on your spouse and kids - we don't always have to be right, we just have to be right there.

Along with the other elected and appointed Brother Knights, I look forward to serving each and every one of you and making sure our solid foundation continues and we are providing a Council that meets the needs of many both in our Brotherhood and in our Community.

If you ever want to reach me directly with a suggestion, comment or complaint, my email is timjbowie@hotmail.com and my cell phone is 614-361-9370.

In the name of the Venerable, Fr. Michael J. McGivney,

Peace and Blessings!

Tim Bowie

June, 2011 Independence Day

This writing is from `Prayers and Devotions of Pope John Paul II.

Dear friends in New York, my visit to your city would not have been complete without coming to Battery Park, without seeing Ellis Island and the Statue of Liberty in the distance. Every nation has its historical symbols. They may be shrines or statues or documents; but their significance lay's in the truths they represent to the citizens of a nation and in the image they carry to other nations.

Such a symbol with the United States is the Statue of Liberty. This is an impressive symbol of what the United States has stood for from the very beginning of its history: this is a symbol of freedom. It reflects the immigrant history of the United States, for it was freedom that millions of human beings were looking for on these shores. And it was freedom that the young Republic offered in compassion....

I wish to pay homage to the noble trait of America and its people, its desire to be free, its determination to preserve freedom and its willingness to share its freedom with others. May the ideal of liberty, of freedom, remain a moving force for your nation and for all the nations in the world today!

It greatly honors your country and its citizens that on this foundation of liberty you have built a nation where the dignity of every human person is to be respected, where a religious sense and a strong family structure are fostered, where duty and honest work are held in high esteem, where generosity and hospitality are not idle words, and where the right to religious liberty is deeply rooted in your history

Respect Life: Good News

I haven't written a Respect Life article for awhile because of family commitments and travels, but I am back now and just in time. There is great news in Ohio and around the country for respect life advocates.

The Ohio legislature recently sent a budget to Governor Kasich for his signature. This budget contains several Pro-Life amendments and features:

One amendment bans abortions from being performed in public hospitals

Another prohibits abortion coverage in insurance plans of local public employees

The budget requires the Department of Health to apply for federal abstinence education grants to reduce the number of unplanned pregnancies

The final pro-life amendment preserves the right of student groups to use and benefit from school funds and facilities, therefore protecting the rights of pro-life groups on college campuses.

Pro-Life Governor Kasich was expected to sign the budget bill on June 30.

The Ohio House has passed Pro-Life bills and sent them to the Senate for their approval:

House Bill 78 bans late term abortions (after 20 weeks gestation)

House Bill 79 prohibits coverage of abortion in state health insurance exchanges established under the federal healthcare reform bill (Obamacare)

Sub House Bill 125 (known as the Heartbeat Bill) is a historic bill to prohibit abortion of unborn babies once a heartbeat is detected, as early as 6-9 weeks gestation.

These House Bills have been sent to the Senate for consideration and vote. *Please contact your state Senator and tell him to support all three of these important pro-life bills. As good Catholics and Knights, we must protect the lives and rights of the most vulnerable among us, the unborn.*

Elsewhere, Kansas is poised to become the first abortion free state after the Kansas Department of Health and Environment denied an abortion license to Planned Parenthood under a new law set to go into full effect on Friday, July 1. Earlier, all three Planned Parenthood abortion mills in Kansas were notified that they would not be granted licenses based on information provided in their applications and the safety regulations required by the new law. Of course, Planned Parenthood immediately filed suit against the law. If the law is upheld, Kansas would no longer have any abortion mills in operation and would therefore become the first abortion free state.

Apparently, none of the abortion mills gave any consideration to actually complying with the safety requirements of the new law to keep their licenses - perhaps because it would cut into their profits?

While all this is wonderful news for Respect Life advocates, we must continue to keep up the good fight and spread the Culture of Life wherever we are through our words and actions.
